The Cooking Oil

In 2014, the news of the bad cooking oil broke out in Taiwan. What was the matter? It was because some companies made bad oil and sold it everywhere. The government in Taiwan failed to check the oil, so many people bought it and ate it for many years. Most people in Taiwan didn't know they had bad oil until the news came out. They became worried when they learned it.

People in Taiwan spent a lot of money on cooking oil, and they used it to cook good food for their family. On weekends, they enjoyed having good food in nice restaurants with their family or friends. They felt a little sad because the cooks in nice restaurants might use the bad oil to make delicious dishes. Some people even felt sorry because they bought food cooked with the bad oil for their family or friends. Now, they stop buying the cooking oil and some food from some companies, and at the same time, they are so angry with the government.

What did they do after that? They chose some new oil for their family, and they seldom ate out. They got on the Net to get the right information about food and oil. When they felt a little sick, they went to some big hospitals to check their bodies. They want to make sure they didn't get sick because of the bad oil. Luckily, people in Taiwan will care more about the oil and the food from now on.
